COVID-19 Precautionary Updates

With the public health concern of COVID-19, the WEBT Board of Trustees has been in constant communication with our office regarding the virus and its potential impact on WEBT members. The Board is concerned about the health of all members and wants to remove barriers for testing for COVID-19, for its medical plans. The Board held a special vote and after careful, but quick consideration, they voted unanimously to cover members' cost share for testing members for the virus. **Effective immediately, WEBT medical plan members will have cost share (deductible, copays, coinsurance) waived for medically necessary COVID-19 testing during this time of concern.**

If you think you may have been exposed, or certainly if you are experiencing symptoms, per the CDC it is recommended that you *do not immediately visit your doctor's office. It is recommended that you call* **Teladoc (1-800-TELADOC), or call your doctor's office** and they will help you understand exposure and/or symptoms and guide you to the right place of care to get tested for COVID-19, if necessary.

Please feel free to contact our office at (307) 634-5566 should you have any questions or concerns. As always, we are here to assist you.
