After you visit your dentist, you can view recent claims on your Subscriber dashboard. For detailed claims information, click the “Claims” button. From the Claims page, you can review claims by the date of service and view EOB’s.

Cost Estimator

The Cost Estimator can help prepare for dental expenses by providing an estimate for common procedures such as cleanings, fillings or crowns. However, keep in mind, it does not indicate whether a procedure is covered under your plan, what Delta Dental may pay, or if deductibles or maximums have been met.

To get specific costs for a procedure, ask your dentist to submit a predetermination of benefits to Delta Dental of Wyoming for any procedures that may cost more than \$250.

Plan Details

Visit the Plan Details page to view your benefits and eligibility information. You can obtain information including benefit levels, deductible and annual maximums met, limitations and some coverages by procedure code.
